Computing electronic energies underpins theoretical chemistry and materials science, and density functional theory (DFT) (1, 2) promises an exact and efficient approach. However, there is a conundrum at the heart of DFT: The exact functional—mapping electron density to energy—is proven to exist, but little practical guidance is given on its explicit form.

Pushing the frontiers of density functionals by solving the ... - Science

Stereotypes of South Asians are broadly believed impressions about individuals of South Asian origin that are often inconsistent with reality. While the impressions are wrongly presumed to be universally true for all people of South Asian origin, these stereotypes adversely affect the South Asians as well as the acculturation process.. With 20th century immigration of South Asians around the ...
