Transmission Fluid Leaks. Another concerning sign that your BMW might be experiencing transmission trouble is a fluid leak beneath your vehicle. It can be helpful to know a little bit about what the common fluid leaks could be due to, including coolant leaks and oil leaks, and how they differentiate from transmission fluid leaks.

How to Spot Transmission Problems in Your BMW
The manual and SMG transmissions are filled with manual transmission fluid, while the automatic is filled with ATF (automatic transmission fluid). BMW specifies "lifetime" fluid for all its transmissions and sometimes defines lifetime as 100,000 miles. I think it is a good idea to service your fluid every 60,000 miles.
