Infrastructure Planning

The M4 has one section of smart motorway, between junctions 19 (M32) and 20 (M5) north of Bristol, where there are variable speed limits and a part-time hard-shoulder. Completion was in summer 2014. Another section between junctions 24 and 29 in Newport had variable speed limits until 2021, when it was changed to a permanent 50 mph limit with average speed cameras.

M4 motorway - Wikipedia

Deformation of ES/AT junctions leads to an electrical response, enabling the transduction of mechanical movements into electrical signals for sensing and energy harvesting. We monitor the open-circuit voltage (V_{oc}) and short-circuit current density (J_{sc}) of ES/AT junctions under cyclic uniaxial stretching from $\lambda_u = 1.2$ to 1.5 (0.05-Hz square-wave profile in Fig. 4C).
